STAINLESS
STEEL

BOROSILICATE
GLASS

500 % BOOST

high flame

indoor & outdoor

radiates heat

safe stand, safe
fuel (bioethanol)

SPIN TABLE FIRE – the impressive dance of the flames is due to bioethanol burnt in a can. Simply place the can into the stainless-steel footing on an even surface and light the combustion gel with an extended universal lighter or a long match. Then quickly put on the 54 cm high glass cylinder (made of high-quality borosilicate glass) and enjoy the luminous vortex of flames for 60 minutes (SPIN 90) to 80 minutes (SPIN 120). Those who want to end the spectacle prematurely simply need to place the enclosed extinguishing lid onto the glass cylinder, thus suffocating the flame within seconds.

- ☆ • table fire, lantern, garden torch
- 500% boost due to rotating flame and chimney effect
- for indoor* and outdoor* use (* only spin standard)
- compliant with din en 16647
- incl. refill cup & extinguishing lid
- combustion period with one filling: 60 minutes (SPIN 90) to 80 minutes (SPIN 120)
- stainless steel housing
- combustible not included in delivery
- optional accessories: increasing element, ground spike, bioethanol can

📦 **SPIN 120 Table fire**
 Base: Ø 23 cm, Glass Tube: Ø 12 cm, 54 cm height (mounted), 4,3 kg
 gross 24 × 21 × 69 cm, 5,6 kg
SPIN 120 Table fire silver Art.-No 00024, EAN 4064251000246
SPIN 120 Table fire gold Art.-No 00021, EAN 4064251000215
SPIN 120 Table fire grey Art.-No 090101, EAN 4260447330924
SPIN 120 Table fire black Art.-No 00019, EAN 4064251000192

SPIN 90 Table fire
 Base: Ø 19 cm, Glass Tube: Ø 9 cm, 40,5 cm height (mounted), 2,6 kg
 brutto 20 × 16,5 × 50,5 cm, 3,7 kg
SPIN 90 Table fire silver Art.-No 00046, EAN 4064251000468
SPIN 90 Table fire gold Art.-No 00043, EAN 4064251000437
SPIN 90 Table fire grey Art.-No 00221, EAN 4064251002219
SPIN 90 Table fire black Art.-No 00041, EAN 4064251000413

SPIN TORCH – as a torch variant, SPIN can be easily fixed in the ground. Stuck into the lawn, the SPIN torch enchants all your guests during the next garden party and will be the eye-catcher of the evening. Different heights can be adjusted and realized due to the 4-piece ground spike included in delivery. The individual parts of the spike are differing in length (7 + 34 + 48 cm) and have an additional earth nail, thus guaranteeing a stable support.

- ☆ • use as a garden torch
- to be fixed in the ground (with earth nail)
- simple screw assembly without any tools
- stainless steel
- for outdoor use only

📦 **SPIN 120 Torch silver**
 Glass Tube: Ø 12 cm, 174 cm height (mounted), 1,9 kg
 gross 21 × 20 × 69 cm, 2,9 kg
 Art.-No 00017, EAN 4064251000178

SPIN 90 Torch silver
 Glass Tube: Ø 9 cm, 138 cm height (mounted), 1,15 kg
 gross 20 × 16,5 × 50,5 cm, 2,2 kg
 Art.-No 00036, EAN 4064251000369

SPIN ELEVATION – Due to the increasing element, SPIN even performs better when standing on the ground. Without any tools, the foot is simply screwed on and the table fire immediately turns into a garden torch.

- ☆ • increases spin by approx. 11 cm
- for ground use of the table fire – for outdoor use only
- stability remains
- simple screwing assembly without any tool
- is screwed between foot and wing body
- stainless steel

📦 **SPIN 120 Elevation**
 Ø 9 cm, 11,5 cm height, 0,27 kg | gross 9,5 × 9,5 × 12,5 cm, 0,3 kg
SPIN 120 Elevation silver Art.-Nr. 00013, EAN 4064251000130
SPIN 120 Elevation gold Art.-Nr. 00012, EAN 4064251000123
SPIN 120 Elevation grey Art.-Nr. 090201, EAN 4260447330917
SPIN 120 Elevation black Art.-Nr. 00011, EAN 4064251000116

SPIN 90 Elevation
 Ø 6,5 cm, 9 cm height, 0,16 kg | gross 7 × 7 × 9,5 cm, 0,19 kg
SPIN 90 Elevation silver Art.-Nr. 00040, EAN 4064251000406
SPIN 90 Elevation gold Art.-Nr. 00039, EAN 4064251000390
SPIN 90 Elevation grey Art.-Nr. 00222, EAN 4064251002226
SPIN 90 Elevation black Art.-Nr. 00038, EAN 4064251000383

SPIN GROUND SPIKE – By means of the ground spike as an accessory, SPIN can be easily fixed in the ground. Stuck into the lawn, the SPIN torch enchants all your guests during the next garden party and will be the eye-catcher of the evening. The individual parts of the spike are differing in length (7 + 34 + 48 cm) and have an additional earth nail, thus guaranteeing a stable support.

- ☆ • enables use as a garden torch
- is simply pinched into the ground – outdoor use only
- simple screwing assembly without any tool
- is screwed onto the bottom of the wing body

📏 **SPIN Ground spike silver**
 Ø 1,5 cm, 121,5 cm length, 0,39 kg | gross 49×5,5×2 cm, 0,5 kg
 Art-No 00002, EAN 4064251000024

SPIN Ground spike oak
 Ø 2 cm, 124 cm length, 0,45 kg | gross 50×5×4,5 cm, 0,51 kg
 Art-No 00003, EAN 4064251000031

SPIN BASE – By means of this accessory, the garden torch turns into a table fire and brings campfire atmosphere onto your balcony, terrace or even into your living room. If the torch (with ground spike) shall be free-standing, this massive stand is assembled. The torch variant can thus be placed on solid underground, e.g. on the terrace.

- ☆ • enables the use of the garden torch as a table fire
- enables the use of the garden torch on solid, even underground such as stone, wood, metal by using the ground spike (without earth nail) – for outdoor use only!

📏 **SPIN 120 Base silver**
 Ø 23 cm, 1,5 cm height, 2,78 kg | gross 23,5×23,5×2 cm, 2,85 kg
 Art-No 00007, EAN 4064251000079

SPIN 90 Base silver
 Ø 19 cm, 1 cm height, 1,87 kg | brutto 19,5×19,5×1,5 cm, 1,92 kg
 Art-No 00028, EAN 4064251000284

SPIN REFILL CUP – The economic and sustainable solution for refilling SPIN: a stainless steel cup which can be refilled again and again with the high-quality höfats combustion gel out of the refill bottle.

- ☆ • sustainable and economic refill solution
- for use of the 1 liter bioethanol refill bottle
- easy handling
- capacity: 225 ml (SPIN 90), 500 ml (SPIN 120)

📏 **SPIN 120 Refill cup**
 Ø 8,5 cm, 9,5 cm height, 0,13 kg | gross 9×9×10 cm, 0,16 kg
 Art-No 00023, EAN 4064251000239

SPIN 90 Refill cup
 Ø 6,5 cm, 7,5 cm height, 0,07 kg | gross 7×7×8 cm, 0,1 kg
 Art-No 00045, EAN 4064251000451

BIOETHANOL – The combustion gel of thickened alcohol is made of renewable raw materials, thus burning in a CO²-neutral way and almost completely smoke- and odour-free. 2 packaging sizes (500 ml steel can resp. 1 liter refill bottle) for use with the stainless steel refill cup.

- ☆ • safe, natural, sustainable, odourless and smokeless fuel
- 1 l refill bottle, for use with the stainless steel refill cup.
- burning period approx. 60 minutes (SPIN 90) to 80 minutes (SPIN 120)
- safety combustion gel according to EG Regulation N° 1907/2006 (REACH)

📏 **BIOETHANOL Firegel bottle**
 Ø 7,5 cm, 26 cm height, 1 kg | gross Ø 7,5 cm, 26 cm height, 1 kg
 Art-No 090801, EAN 4260447331099

SPIN COVER – To protect SPIN for storage, we have developed a custom-fit cover for SPIN 90 and SPIN 120. The drawstring ensures secure fastening and the water-repellent material protects against dirt and moisture.

- ☆ • Custom-fit protective cover
- with drawstring for secure fastening
- hard-wearing polyester-nylon blend fabric
- water-repellent

📏 **SPIN 120 Cover**
 brutto 23,5×27,5 cm
 Art-No 00375, EAN 4064251003759

SPIN 90 Cover
 brutto 21×23 cm
 Art-No 00377, EAN 4064251003773
